

Notes
 Within the shoreline jurisdiction, some areas are identified as **shorelines of statewide significance**. Shorelines of statewide significance include Puget Sound shorelines (those on Vashon-Maury Island), lakes that are 1,000 acres or greater in size, and rivers with a mean annual flow of 1,000 cfs or greater (RCW 90.58.030). The State has adopted guidelines specific to these major shoreline areas.

The information included on this map has been compiled by staff from a variety of sources and is subject to change without notice. This map has been developed for planning purposes only.
